

# Adaptations of Soccer Laws for Lane Youth Soccer Association

GENERAL - In non-dangerous situations, always emphasize instruction and player's skill development as opposed to assessing penalties. In dangerous situations, err with over-enforcement rather than under-enforcement. During games, center referee has final word in all calls regardless of a player's, coach's or parent's differing opinion. Disputed calls may be discussed with referees after full time and play is finished.

Special situations, all ages:

1. If a player is on the ground and still attempting to control the ball, stop play, instruct player, assess an indirect free kick for opponents.
2. Hand balls are allowed for protection of head or private body parts with open or clenched fists. Arms must remain against body. All other handling of the ball are assessed a direct free kick for opponents.
